Our most active customers will receive our bulletin automatically and free of charge. However, collectors interested in highly specialized areas and those who may order infrequently are asked to subscribe, as are those who want the bulletin by air mail. The names of non-subscribers may be removed from our mailing list at any time without notice.

Postage and insurance (or registration) fees will be billed to customers who order without sending advance payment. We will absorb the mailing fees on orders accompanied by full payment. All orders under $5.00 must include $.25 for handling. The above also applies to overseas orders. However, we cannot be liable for coins sent to countries that do not provide for insurance.

Applicable Texas Sales Tax must be included on all intra-Texas transactions. Texas dealers must furnish their permit number in order to be exempt from the tax. All prices quoted are in United States Funds.

All coins are guaranteed to be genuine unless otherwise noted. All items except books and coin supplies are sent on five day approval. Unless prior extension is arranged, all items must be completely paid for within fourteen days after their dispatch from our offices. After that a 1% per month interest charge will be added.

The references used to catalog these sections are: 1) Primarily Elizondo's Eight Reales and Pesos of the New World book, the first numbers being the code numbers and the "E" numbers being the type. 2) Yeoman's Catalog of Modern World Coins book. This number is used to cross reference each Elizondo type. 3) When Yeoman is not applicable, we are using Craig.

Elizondo's numbers are being used more and more by dealers, and collectors without a second edition are urged to obtain a copy. The book is available from us at $12.50 postpaid.

#203 E22 Y22 1 Sol 1880YJ As a result of extensive research on the part of our staff and another local numismatist, it has been discovered that three varieties of the very scarce 1880YJ Peru Sol exist. The differences are with regard to the designer's initials and their locations on the coin. The common variety contains no initials on the side containing the date. One rare variety has the initials RB on the base of the stems near the date. The coin hereby offered is the rarest of the three varieties and it has the initials RB on the ribbon flowing from the wreath near the top of the coin. While the most common variety of this date is worth less (we sold an XF specimen of this coin, first one we have recorded, in our June 10 Bulletin for $75.00), this coin in About Very Fine is a good buy for the specialist at 45.00
